UNITED STATES STEEL CORPORATION SAVINGS FUND PLAN FOR SALARIED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

1. **Plan description** – The following description provides general information regarding the United States Steel Corporation Savings Fund Plan for Salaried Employees (the Plan), a defined contribution plan.

[REDACTED]

UNITED STATES STEEL CORPORATION SAVINGS FUND PLAN FOR SALARIED EMPLOYEES

**NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013**

Eligible employees under the Plan also participate in a non-contributory defined contribution Retirement Account maintained under the Plan if they are not accruing continuous service for benefit accrual purposes under the United States Steel Corporation defined benefit pension plan. With respect to the defined contribution Retirement Account component, the Company makes contributions, depending on age and

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2012

In addition, Fidelity has implemented an excessive trading policy in the mutual funds it offers under the
~~Plan that also applies to contributions made by the Plan.~~

December 31, 2014 and 2013

7. **Plan termination** – The Plan Sponsor believes the existence of the Plan is in the best interest of its employees and, although it has no intention of discontinuing it, the Plan Sponsor has the right under the Plan to terminate the Plan in whole or in part at any time for any reason. However, in the event of Plan termination, participants would become 100% vested in their employer contributions and the net value of the assets of the Plan shall be allocated among the participants and beneficiaries of the Plan in compliance with ERISA.

8. **Risks and uncertainties** – Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

9. **Managed Income Portfolio II – Class 3** – The Plan invests in stable wrap contracts through a collective trust. The Fidelity Managed Income Portfolio II – Class 3 (MIP II) investment option calculates its net asset value per unit as of the close of business of the New York Stock Exchange.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

12 Fair Value Measurement ASC Topic 820 establishes a single definition of fair value and a hierarchy

hierarchy as a framework for measuring fair value based on inputs used to value the Plan's investments, and requires additional disclosure about fair value. The hierarchy of inputs is summarized below.

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Partnership has the ability to access

- Level 2 – Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan's assets are classified as follows:

Level 1	Level 2
Interest-bearing cash	Stable Value Common Collective Trust
Common stock	
Mutual Funds	

An instrument's level is based on the lowest level of input that is significant to the fair value measurement.
